- LinkedIn : <https://www.linkedin.com/in/cameron-haynes-778056233/>
- Github: <https://github.com/CamH04>

## Work Experience

- Stadium Of Light: Safety Steward
  - I am foremost posted to ensure a high standard of customer satisfaction and customer experience, as well as to protect the safety of stadium-goers
- University Of Sunderland: Pass Leader
  - I helped 1st year university students get acquainted with student life as well as teaching Computer Science in a more student lead and casual environment
- Apexon (Previously Infostrech): Fullstack Web Dev Intern
  - I worked alongside experienced web developers to sharpen my skills and learn many new tricks. I gained many technical skills in programming, such as problem solving, and my ability to code significantly increased.
